

RADIO KYNT

PHONE NORTH 5-7892

YANKTON, SOUTH DAKOTA

Mr. John Sampson
1065 Jefferson St. So.
Apt. 10
Hatchinson, Minn.

DEAR SIR,

KYNT was pleased to hear of your reception on July 1st, and confirms the programming which you mentioned in your notice. KYNT broadcasts on 250 Watts. Enclosed you will find a coverage map of the area which is served by KYNT. It, quite generally, includes a 90-mile radius. We are licensed for full time, and our "on the air" time runs from 6 AM till 12 midnight. KYNT features good music programming with only a limited amount of the rock-and-roll type music. Our advertisements are on a local Yankton level. We have, in the past, received letters from Minnesota, although never from this far away. We have been received as far away as North of Worthington, and in parts of extreme western Iowa, but never to extent of your reception. We thank you for your notice,

Tom Fritts
