

29 May '61

Mr. John Sampson
1065 So. Jefferson
Hutchinson, Minn.

Dear John,

Can't pass up the pun to say that this is the first
Dear John I have ever written.

More in the line of business, let me say that your
correspondence of last week indicates that you were indeed
listening to WATK from 6:30 to 6:43 AM CDT 23 May '61

I must say that you were doing real good as when
we sign off CHMK ^{5KW} Hamilton, Ontario comes in on 900 KC (our freq.)
or WLS Chicago at 50,000 watts at 890 KC interferes. But getting closer
to home KT15 in Minn. 1-KW is also on 900 KC. So I'm sure
that we will never become too good in your area.

I was on the air at the time of your reception so
you are perhaps the first person in the old home town to
hear me and perhaps also the only. I grew up on a farm
near Cedar Mills and later the Lake Minnetonka area, so
have always regarded "Hatched" as my home town. My
wife is the former Dorothy Klina of Silver Lake (airport)
she was employed for several years at the Citizens Bank in
Hutchinson.

So John I would like to ask you a favor, thus;
please call Ken Klina at ~~8-4925~~ 8-4925 and tell
him about this. after all one can sure try if
nothing more to impress one's in-laws - thankyou

Bye for now and good luck in
all of your future D-X-ing. ~~and~~ and thank
you for this illustration of the "Small world"

Lyle Gunderson
Chief Engineer
