Hutchinson, Minnesota

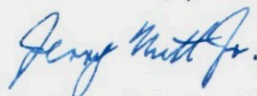

Dear Mr. Sampson:

WCAZ is happy to hear that you heard our opening even if you heard little else, because it gives us some idea that we at least get out with our signal.

This letter will serve as verification that you did receive us on October 22, 1961, and that the programing corresponded with the log for that day.

We are enclosing some information on the station that you might find of interest as well as a map showing our measured coverage area.

Sincerely,

Jerry Nutt, Jr.
WCAZ
