Dear Sirs;

From 6:40 to 6:46 AM (CDT), on April 30, 1961, I heard
station WCUB broadcasting the following on 980 kcs.

el
Correct
✓

- 6:40 Ad for Hingus (I think that was the name)
Implement Co of Chilton
- 6:41 Music by Bobby Hackett
- 6:43^{1/2} Announcement of "Cub Time"; the temperature at
"Radio Park," & ad for Bread (Corn Test, was
the name - I think)
- 6:44 Song - "The most Beautiful Girl in the World"
- 6:45 Announcement of the time, & ad for Terp Lincoln-
Mercury
- 6:45^{1/2} Weather forecast
- 6:46 Music

There was slight interference from several stations,
however WCUB was on top, & you were not too difficult to
log. I used a Hammarlund HQ-129-X receiver, with ~~two~~
4^{1/2} foot (diagonal) loop antenna.

I would greatly appreciate a verification of reception from
WCUB, & am enclosing return postage, for your convenience
in replying. I would also appreciate information concerning
your antenna pattern & system.

Thanking you in advance, I remain

Yours truly
John Sampson
