Dear Mr. Sampson:

Although the information contained in your report of January 2nd is somewhat sketchy we are pleased to be able to confirm your reception of WHDH at 2:30 A.M. and are enclosing one of our QSL cards.

Our transmission pattern is essentially a cardioid with the null toward Denver, Colorado. The null in question is essentially in a westerly direction from Boston which probably accounts for your difficulty in receiving this station.

Thank you very much for your report, and we trust that you will hear WHDH many times in the future.

Very sincerely,

Philip K. Baldwin,
Chief Engineer

PKB:vo
