John Sampson  
7065 Jefferson St. South  
Apt. 70  
Hutchinson, Minn.

Dear John,

We here at WHLP wish to thank you for sending a reception report on our test broadcasts.

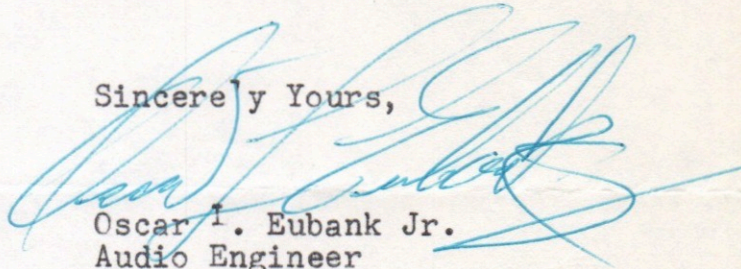

Exotic music is used in order to obtain as many reports as possible.

We use a GATES BC-T transmitter series fed to a 183 foot omnidirectional antenna.

Our Transmitter is located in a valley which is naturally damp throughout the year.

Again thanks for the fine report and we will see you next month. 73's

Sincerely Yours,

  
Oscar I. Eubank Jr.  
Audio Engineer
