I used a Hammarlund HQ-129-X receiver with 4 1/2 foot (diagonal) loop antenna. Interference was very heavy from KICD, Spencer, Ia

Weather conditions were clear & cool. I would greatly appreciate a verification of reception from WJON (on your letterhead stationery, if possible). I am enclosing return postage for your convenience in replying. I would also appreciate information concerning your antenna system and pattern.

Thanking you very much, I remain

Yours truly,
