Dear John:

I am very happy to verify your reception of our station. You have described our sign on perfectly. We now sign on at 5:55 A.m. Sundays rather than 7:00 as we had done earlier in the year.

Sorry that you didn't receive a verification on your earlier letter. I have been here only since the first of June so will have to blame it on the previous engineer.

If you are interested we conduct a frequency ~~thru~~ ^{Thursday} ~~the second Tuesday~~ Midnight (or Friday morning) of each month,

Yours Truly
Walt Peters
