PLYMOUTH, WISCONSIN

May 4, 1961

Mr. John Sampson
Apt. 10
1065 Jefferson St., So.,
Hutchinson, Minn.

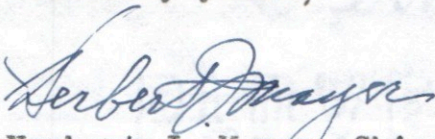

Dear Mr. Sampson:

Thank you for the very complete report covering your reception of WPLY program from 7:00 to 7:04AM CDT on Sunday, April 30, 1961. Your report agrees perfectly with our program log.

We are a 500 watt daytime station, and are located about one mile east of Plymouth. We have a Gates transmitter and control room console, and Magnecord tape equipment.

We are always happy to hear from our listeners, particularly from distances over 100 miles.

Cordially yours,

Herbert J. Mayer, Chief Engineer
