Dear Mr. Sampson:

This is verification of your letter stated that you had picked up WWIS at 6:01A.M. CDT, May 1, 1961. Your information is 100% Correct.

It is really surprising to me that you would get that much interference from Indianapolis and Monroe since they are so far south from us.

Our tower is 206 feet tall and stands mostly in swampy ground with a copper wire underground radio pattern.

Thanking you, I remain

Mrs. Allen Gaede
