

CJFT 530 FORT ERIE RADIO

Nov 28/86

John: Thank you for your letter of
Nov 17/86, all info is correct.

We run 260 Watts, 2 towers
(just about a OMNI pattern,) of
a 12 tower array of CDRN 710.
Tower height 230', top loaded to 290'

FA Francis is running about 50 Watts,
in the summer I had a chance to
see the turkey equipment for them, not
bad. So far you are well be getting
530 20 Watts very soon

C-Quam AM Stereo, 2 Mile
from Buffalo N.Y. 74 sites for
both stations.

Thank you
Wm McFarland
Chief Eng.
