Dear Mr. Sampson;

Thank-you for your reception report of January 2, 1995. Your report was indeed accurate in regard to our station programming. We run automated during the evening and the all night hours.

My apologies for the tardy reply, but we have been quite busy since the first of the year with studio upgrading, computer installation and are in the process of moving from 1420 kHz to 750 kHz.

I have enclosed a "QSL card" for your collection.

Yours truly,

Bayne Opseth
Chief Engineer
