Dear Mr. Sampson:

Thank you very much for your letter of November 8, 1994. It is always interesting to find out where our signal takes us.

This is to confirm your reception of KCTE-AM, 1510 KHz, Independence, Missouri on November 8, 1994 between the times of 4:40 pm and 4:58 pm CST.

KCTE-AM is a 10 KW daytime only all sports station, with a 2 tower directional array. The power lobes of the array go North by NE and South by SW. Being daytime only we sign off during the month of November at 5 pm CST.

Keep up the good work!

Sincerely,
