Dear Mr. Sampson,

This letter is to confirm your reception of 1060 KGFX Radio on Monday, November 12, 1990. The log of events heard coincides with our program log of programs aired.

I have enclosed some station facts and a coverage map. We operate at 10,000 watts daytime power and we do use a directional pattern. Our directional signal is mostly west and southwest, however we do cover a large area to the east and north as well.

I hope you find the enclosed materials interesting and I wish you luck in your DXing.

Sincerely,

A handwritten signature in blue ink that reads 'Charlie Hale'.
