*Memo From  
Bud Nornes  
General Manager*

January 10, 1996

John:

KJJK AM has just recently moved from 1090 to 1020 on the dial. Power is 1000 watts with plans to increase to 2000 in the next couple of weeks.

If you get a chance to listen again after our power increase, drop me another note.

I've received letters from South Dakota along with responses from locations closer to Fergus Falls indicating the signal is very good.

A handwritten signature in black ink, reading 'Bud Nornes', is located at the bottom of the page. The signature is written in a cursive style with a long, sweeping underline.
