

# KVOO

1170 AM      BIG COUNTRY      98.5 FM

P.O. Box 52548 • 4590 E. 29th • Tulsa, Oklahoma 74101 • (918) 743-7814

We are pleased to verify your reception report of 50 KW KVOO-AM  
1.17 M Hz on 7-JAN-91 at 8:22 - 8:53 pm. CST

The KVOO Studios are located on East 29th Street next to the Broken Arrow Expressway in Tulsa.

Our transmitter plant is located on far east 11th Street in Tulsa near Catoosa, Oklahoma. The main transmitter is a Harris MW-50 and the standby transmitter is a Nautel 10 KW Solid State.

The Antenna system consists of three 193 Degree series excited vertical towers spaced 90 degrees apart in line on an axis of 67.5 degrees true. This produces a cardioid pattern radiating southwest at night. Daytime operation is 50 KW non-directional on the center tower.

Please pay us a visit when you are in Tulsa.
