Dear John

I'm happy to confirm your reception of KVSV (AM) on November 22, 1993, from 5:03 PM to 5:13PM.

Our power at that time would have been 2,500 watts. At approximately 5:15pm we would have powered down to a post-sunset power level.

I used to do some broadcast DX listening myself and I still think it's a great hobby.

Sincerely
