Dear Mr, Sampson,

This will confirm the broadcast elements you received from 2:40 pm til 3:00 pm on August 3rd 1992, were from WDSM, 710 AM.

WDSM is a 10KW station ny day, and 5KW directional at night. I believe you're right about WHB in Kansas City, MO. They are on the same frequency with priority.

Thanks for listening and we hope to hear from you in the future.

Sincerely

Mark Edwards
