1180 AM

December 14, 1993

John N. Sampson  
4949 Aldrich Ave. South  
Minneapolis, Minn. 55409

Dear Mr. Sampson:

I am pleased to confirm your reception of WJNT-AM on December 6, 1993 at 4:46pm-5:00pm.

- WJNT-AM
- 1180 khz
- 50 kw - daytime
- 10 kw - critical hours
- 500 w - directional night

Currently, WJNT is operating at 10 kw day/critical hours, pending the installation of a new 50 kw transmitter. I am hoping to receive many more DX contacts when our new transmitter is in place.

Many thanks for your report. I hope this letter will be sufficient.

Sincerely,

Stan Carter - Chief Engineer/Operations Manager
