Dear Mr. Sampson:

Please accept my sincerest apologies in not getting back to you on your letter you sent earlier. Unfortunately, after some time of searching, the letter must have been misplaced.

This letter confirms your reception of 1140 KWM on December 15, 1993.

It sounds like you have quite a collection on confirmations. A neat hobby!!! I wish you continued success in your hobby.

Sincerely,

A handwritten signature in blue ink that reads "Tracy M. Darby". The signature is fluid and cursive.
