

WPBX286; Minnetonka, Minnesota (I394 and Ridgedale Drive); 530 kHz:

Minnesota Department of Transportation
Traffic Management Center
1101 4th Avenue South
Minneapolis, MN 55404

(612) 341-7500

October 4, 1993

Mr. John Sampson
4949 Aldrich Avenue South
Minneapolis, Minnesota 55409

RE: HAR Confirmation

Thank you again for your perservance, and patience. Attached is the confirmation as you requested. You also questioned whether or not the location of the HAR transmitters changed from the work done in June.

Several of transmitters were moved from the earlier work which would account for the change in reception, I added the earlier locations in parentheses. The following locations were used for work done in July and August:

1610 kHz

- ✓ ■ I-94 and County Road 19 - Lake Elmo (moved from I-94 and Ruth Street) *(7/20) #207*
- ✓ ■ I-494 and Penn Avenue - Bloomington (moved from I-35W and 106th Street) *#206*
- I-35E and County Road J - White Bear Lake Township
- I-94 and TH 101 - Rogers (moved from I-694 and TH 169)

530 kHz

- ✓ ■ I-394 and Ridgedale Drive (moved from I-394 and County Road 73) *(Minnetonka #205)*

I hope this information answers your question. Should you need further information, please feel free to call me at 341-7266. Thank you again for your interest in the Department of Transportation's use of Highway Advisory Radio.

Sincerely,

Cathy M. Clark
Motorist Information Services Coordinator
