

WYLO a m 540

A MARSH Broadcasting Station

September 15, 1992

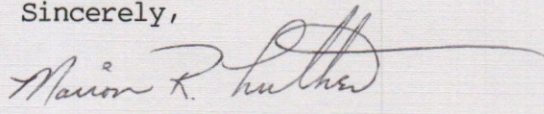

John N. Sampson
4949 Aldrich Ave. South
Minneapolis, MN 55409

Dear Mr. Sampson:

This will confirm your reception of WYLO on August 9, 1992. To answer your questions, our night power is 400 watts, and we are three tower directional with the main lobe south toward Chicago.

Thank you for writing to us and letting us know you received our signal.

Sincerely,

Marion R. Luther
