Dear Listener:

The last battle for independence from France, which triggered the formation of the new Republic of Haiti, happened at Vertières, approximately 3 miles from Vaudreuil, where the 4VEH studios are located. The monument at Vertières reminds everyone that Generals Gabard, Romain, Dessalines, Christophe, and Capois Lamont led the Haitian army with the battle cry "Soldiers, advance! Our goal is liberty, let not even death stand in our way. Have regard for not one, neither mother nor father. Use your machetes." In the midst of battle the Haitian general's horse fell dead. The French general so admired his courage and bravery, that he offered to replace the fallen horse; but the Haitian general refused and continued on in the battle to victory.

Our studios are located on the site of an old plantation where at one time Commander in Chief, Jean Jacques Dessalines made his headquarters in preparation for the battle to take Cap-Haitien from French General Rochambeau. FM links connect our studios with our transmitters 6 miles away at Petite Anse in the salt flats across the bay from Cap-Haitien.

Thank you for sending a report telling how 4VEH is heard in your area. Enclosed is your QSL card. We are able to send your letter airmail when you take advantage of DX Stamp Service, 83 Roder Parkway, Ontario, N.Y. 14519 and enclose the return postage stamps.

Sincerely,

Edna Beachy
