Dear Mr. Sampson:

We acknowledge receipt of your reception report of January 24, 1966, for which we thank you.

According to our programming log, it seems possible that you were listening to our radio station. It seems that we have been heard as far as Atlanta, Georgia, at times.

We are always interested in this kind of information, do let us hear from you again, and good listening.

Yours very truly,

Lucien Gobeil,
Engineer.
