Dear Mr. Sampson,

It is a pleasure to confirm your report of 31 May 1973 at 2159 to 2236 Eastern Daylight Time. A check of the program log of that date indicates that the program you heard did, in fact, come from W A T R.

W A T R operates on 1320 kHz with 5000 Watts during daylight hours and 1000 Watts at night, using ~~two~~ separate antenna patterns. Our main transmitter (Collins 21E) and back-up unit (Collins 20K) are located at these coordinates: 41° 32' 12" N
73° 01' 52" W.

Please note our newsaddress: W A T R
79 Baldwin Av.
Waterbury 06706.

If you have any further reports on our station, please feel free to send them to us. Thank you & best wishes.

Very truly yours,

Michael Nadeau
