From: C. Engineer

To:

John Sampson

This is to verify that on March 28 at 12:08^{pm} am
and according to your stated information, concerning time
and programming, you did receive our signal. The staff
and I are grateful for your interest in fostering a great
national pastime; that is tuning in on our electro-
magnetic lines of force, small as they may be.

The following represents our setup:

1000 watt n/d (Gates Vanguard II-Transistorized)

Primary coverage=30 mi.

Secondary coverage=45 mi.

shared channel

143' Marconi w/120 radials

Thank You,
