CHARLES B. LISSNER
CHIEF ENGINEER

5 April 66.

John D. Simpson
90 Pearl Street
New Providence, N. J. 07974

Dear Sir:

This is to verify your reception of this station on Sunday April 3, 1966 from 3:33PM to 3:55PM EST. A word of advice most baseball games are broadcast on a network and could be heard on a number of stations. However the remarks at the end of the period definitely confirm that you were listening to us.

Thank you,

Yours truly,

Charles B. Lissner
Chief Engineer.
