

Your ears finally have something to talk about.

March 15, 1975

Mr. John N. Sampson
52 Delwick Lane
New Providence, New Jersey 07974

Dear John,

According to our station logs, you did indeed receive our stations signals on Sunday, March 9, 1975. After comparing your detailed program log with WFDM's log, I found your log to be a most accurate one.

I was personally surprised to see that there is a chapter of the National Radio Club in New Providence. The reason I say this is because I am a New Providence resident. As a child growing up, I can remember monitoring AM radio stations as a hobby with just a ordinary Lafayette receiver. I can remember sitting by my receiver at night and recording on paper all the stations I received on skip. So you can see how pleased I was to receive a letter of this sort from you. I feel your hobby would be right up my alley. Someday in the near future I would like to get together with you so I can see your equipment and how you operate it.

The call letters for Drew University's AM station are "WERD" and they are located at 590am. The calls for Fairleigh Dickinson University, Teaneck are "WFDU-FM" and they are at 89.1 MHz. They are the only FM station in Bergen county. They share their air time with New York University who are on the same frequency.

I can sincerely say that it was a pleasure hearing from you John.

Regards,

A handwritten signature in blue ink that reads 'Frank'.
