Dear Mr. Sampson:

Thank you for your letter reporting the reception of test signals from this new radio station. Verification is made herewith, of Frequency Tests conducted by WGNE on 12/20/65 between 1:40 and 2:20 a.m. CST.

WGNE Radio has been on the air since June 25, of this year. We are a 500 watt daytimer, with a top forty format. Presently, we are enjoying a smash success locally, since we filled a gap in radio in this area. Our only complaint has been that we are a daytimer.

Since Panama City Beach, Florida, doesn't enjoy the fame of some Florida resorts, I am enclosing some of our Chamber of Commerce literature. Perhaps it will entice you to accept my personal invitation to visit us at your earliest opportunity.

Very truly yours,

J.L. Bates
