

WIRV Radio
Irvanna Broadcasting Co.
IRVINE, KY.

May 12, 1966

Mr. John N. Sampson

Thanks for the letter John we are glad to hear from you. We were conducting a frequency check at that time due to a defective freq. monitor. We have regular frequency test on the first Saturday of each month from 3:00 AM to 3:15 AM if you want to be ~~listening~~ watching for it. Inclosed is some information you might want.

We are a 1,000 Watt station on the clear ch. of 1550 kc. our trans. is a Raytheon- 1000 and our tower is 160' high. On a mountian top about 1200ft. above sea level. A non-directional antenna or (one)

THANKS JOHN:
