

Dear Sir:

June 28, 1974

This is to confirm your reception report of 6/23/74, Sun between 2:56 PM and 3:30 PM. WNTY is a daytime 500 Watts station. We operate on 990 HTZ clear channel from sunrise to sunset. The pattern is a cardioid shape and is directed Northwest. Thank you for your reception report.

**COMMENTS:** The transmitter and studio are at 440 Old Turnpike Road, Plantsville. From the Green in Southington, go south on Rt. 10. At the 3rd stop light, head left, this will bring you right by the station.

Chief Engineer

Thomas J. Cavett
