June 15, 1966

Mr. John N. Sampson  
90 Pearl Street  
New Providence, New Jersey

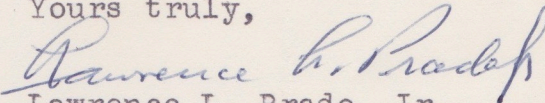

Dear Sir:

Thank you for your reception report concerning WSME.

Am pleased to confirm your report of reception on  
April 26, 1966, from 6:01 A-M to 6:15 A-M.

WSME is non-directional, and operates on a daytime  
schedule. As indicated in the sign on announcement, WSME  
operates on an assigned carrier frequency of 1220 kilocycles,  
with a power output of 1,000 watts.

Yours truly,

  
Lawrence L. Prado, Jr.  
Chief Engineer
