Dear Mr. Sampson:

I recently received a monitoring report for WVLY Radio from you. I wish to verify that the enclosed information was correct according to our program log for that day.

In answer to your questions, we have been on the air since July 12, 1976 and we are 1,000 watts non-directional.

Thank you very much for taking the time to send us your report. I hope this information will be sufficient for your records.

Sincerely yours,
