Mr. John Sampson,
7940 Pacific Street,
OMAHA 6,
Nebraska. U.S.A.

Dear Mr. Sampson :

Many thanks for your letter of February 1st.

Reports such as yours are very interesting to us, as we have only been operating on this Frequency, and at a power of 10,000 watts, since January 9th.

Your report is the first one we have had from your area.

Wishing you lots of DX's,

Sincerely yours,

J.C. Charlebois,
Director of Technical Services.
