 Omaha 6, Nebraska,  
 U.S.A.

Dear Mr. Sampson:

Many thanks for your report  
 of the reception of our signal in  
 Omaha.

Conditions were not too  
 favorable so we will plan another DX  
 program in the near future. Many  
 stations who have heard our regular  
 broadcasts were unable to hear a thing  
 on February 14.

Thanks again,

73's,
