November 24, 1956

Mr. John N. Sampson
Carleton College
Northfield, Minnesota

Dear John:

Thanks for your note of D.X.'ing my program of September 13th, 1956. Word for word your reception was complete.

This is the farthest report we have received thus far at this hour in the morning. I hope that you will be able to monitor me once again in the near future for a longer length of time.

As you will note by the enclosed map, we are a 1,000 watt station but with fairly broad coverage.

Once again, many thanks and let me hear from you again.

Sincerely,

Raymond Laborde
