AMERICAN BROADCASTING NETWORK

January 13, 1958

Dear Sir:

Thank you for your report of reception of our station. A check of our logs show that your report is correct and verifies your hearing our station.

We are always glad to receive reports such as yours to show us that our Skywave is still getting outside our regular service area. Thanks again for your report. Good luck and lots of DX to you.

Chief Engineer
Ralph R. Cook
