Dear Mr. Sampson:

This confirms your reception of our signal on the 26 th day of December 1957 and permit me to thank you for your report.

Enclosed you will find a promotional leaflet we use here and we are quite proud of our operation. We use a modified directional pattern as may be seen from the .5 mv/m contour on the enclosed document.

We appreciate very much having had this report of reception and assure you that if you report it in the future we will certainly be happy to acknowledge.

Very truly yours,

E. N. Bodine, Chief Engineer
