

## BURLINGTON BROADCASTING COMPANY

NATIONAL BANK BUILDING

BURLINGTON, 5, IOWA

April 20, 1954

John Sampson  
7940 Pacific  
Omaha, Nebraska

Dear Jon:

This was the first request from anyone in Nebraska for a verification of reception of KBUR.

Our Log does show that you did receive KBUR, 1490 KC's, 250 Watts, on the morning of April 16, 1954 while we were conducting our monthly frequency check with the commercial Radio Monitoring Co., from 12:06 AM to 12:16 AM.

Our regular monthly frequency check occurs on the third Friday of each month from 12:05 to 12:20 AM, you might want to try again some time.

*J. Gallino*  
Sincerely,  
Radio Station KBUR
