Dear Mr. Sampson:

This is to verify your reception of Radio Station KDTH April 11, 1955 from 12:33 A.M. to 12:40 A.M.. This was our monthly frequency check with Kansas City, Missouri.

KDTH operates with a power of 1000 watts from 5.30 A.M. to Midnight. At Sunset we go directional which cuts our signal off pretty much East, West, and South, and therefore our major signal is North. We are an N.B.C. affiliate.

Thank you for the report.

Yours truly,

Donald R. Abitz, C.E.
