

KEOK

FORT DODGE BROADCASTERS, INC.

"SERVING ALL OF IOWA FROM FORT DODGE"

P.O. BOX 220
540 A STREET
FORT DODGE, IOWA

June 20, 1956

Mr. John Sampson
7940 Pacific
Omaha, Nebraska

Dear Mr. Sampson:

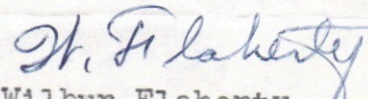

I wish to thank you for your interesting letter and will gladly confirm your reports on the reception of KEOK.

We have a 1000 watt station operating from sunrise to sunset with two 325 foot towers in a directional array. We have had reception reports from as far as Minneapolis, Minnesota; Denver, Colorado; Hot Springs, Arkansas; Oklahoma City, Oklahoma and La Porte City, Indiana.

I am enclosing a coverage map computed before going on the air. Field surveys made since show our coverage to be much better than that on the map.

Thanks again and we hope you are enjoying our station.

Yours truly,

Wilbur Flaherty
Chief Engineer

Enc. 1
