Dear John:

I shall be glad to confirm your reception report of December the 24 for K E V A(1580), of Shamrock.

I was the voice you heard on the 24 and I find myself very interested in your activities. I understand absolutely nothing about what you are doing.

What is the National Radio Club?
Is it connected with amateur radio in anyway?
What age groups is in the Club?
Do you broadcast or simply receive?

Thank you very much for your reception report. It was startling to find that you could pick us up. Try us again, won't you?

Thank you and regards,

Tim Tindall
