Dear John:

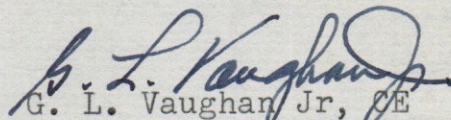

I am in receipt of your reception report dated Sept, 12th,
It was nice hearing from you.

In checking my logs, it seems that your report is in order;
The name you heard was Wayne Britt, he is our night DJ.

Let me say at this time K.G.K.O. was operating on 500 watts
at the time indicated on your report, we change power at
4:00 AM each morning to 5000 watts.

Thanks again, I enjoy hearing from you fellows. My main
concern is that were you getting a skip or does the signal
hold up at your location on 500 watts.

Thanks again,

G. L. Vaughan Jr, CE
