Omaha 3, Nebraska

Dear Mr. Sampson:

This will confirm your reception of Radio Station KGMS between 3:00 a.m., and 3:09 $\frac{1}{2}$ a.m. on September 12, 1957.

KGMS now operates twenty-four hours a day, seven days a week, serving Sacramento with the best in music, and news on the hour, every hour.

Our transmitting equipment consists of an RCA BTA-1 MX Main Transmitter, and a Collins 20-V Auxiliary Main. The transmitters are located approximately four miles Northwest of Sacramento.

Thank you very much for your interest in sending us your report of reception. Your report, and others, are being filed for future reference in connection with sky wave studies.

Again, our sincere thanks, and the very best of listening to you.

Very truly yours,

Logan Z. Edwards
