

Country KGMT 1310**P.O. Box 425 Fairbury, Nebraska 68352 Ph. 402/729-3382**

OCT. 29, 1979

John:

Received your letter concerning your monitoring of KGMT last Friday. Congratulations! I don't know how you managed to get us in Omaha. We only have 500 watts, and you are right, KOIL wipes us out in your area, but you must have received us fairly clear for awhile, because your log is correct. Our signal is omni directional, so we have no pattern. Thanks for your letter and hope this one will go into your confirmed file.

Joe L. McIntosh
Program Director
