Dear DXer,

This will confirm your reception of KGNO on 11-24-80
as specified in your letter.

For your information, we are the oldest station in Southwest
Kansas. We operate on 5,000 watts daytime; and 1,000 watts,
directional, at night.

We are located in the "Cowboy Capital", with many historical
landmarks in and around the city. Our Front Street replica is
visited by over 400,000 persons from all parts of the world
each year. If you have the opportunity to visit Dodge City,
I am sure you will enjoy it.

Sincerely,

KGNO Chief Engineer
