Dear Mr. Sampson,

This is just a note to let you know that you were correct when you stated in your letter of March 18, that you recieved our station from 1:00 to 1:15 A.M.

WEwere on our regular monthly frequency check broadcasting a 1000 cps tone.

We are transmitting from a Raytheon 250-A, 250 watt transmitter, and certainly appreciate knowing that we reach you in Omaha, even if it was at such an earthly hour.

YOURS TRULY,

*Benny Willingham*
