SHERWOOD R. PARKS
PRESIDENT AND GENERAL MANAGER

July 18, 1979

John Sampson
1714 S. 84th St.
Omaha, Nebr. 68124

Dear John:

This letter will serve to QSL your reception report of July 11th, 1979, of KINA. The information you provided was verifiable and indicated, in all probability, that you heard KINA during this period.

KINA is a 500 Watt, 6:00 A.M.-sunset AM broadcast station with about 10 employees. We program contemporary country music through a consulting service in San Diego, California. Our pattern sends most of the RF to the northwest of Salina. Thus you are off to the side of our main lobe and were lucky to receive us at all. I have enclosed a copy of the station's coverage area.

Thank you for your report.

Sincerely,

E. Joe Eck,
Chief Engineer, Op. Director

SALINA'S SUPER MODERN COUNTRY STATION
