7940 Pacific
Omaha 6, Nebraska

Dear Mr. Sampson:

We are pleased to verify the report of your reception of KING on March 7, 1955.

We use a General Electric BT - 25A, 50 KW transmitter with a three element array.

The transmitter is located on Vashon Island, Washington, Latitude 47 23' 25", Longitude 122 25' 20".

Thank you for your interest shown.

Sincerely yours,

Art Shultz
