Salina, Kansas 67402

June 22, 1964

Dear John,

Many thanks to you for your letter concerning the reception of radio station KLSI. KLSI operates on 500 watts, daytime, and is directional, with five towers in a line, from NW to SE. The KLSI transmitter plant is located about six miles SE of Salina.

KLSI operates on an assigned carrier frequency of 910 kilocycles as authorized by the Federal Communications Commission. We began broadcasting on April 20, 1964.

I would like to extend a cordial welcome for you to visit our studios anytime you are in Salina.

Once again, thank you very much for your reception report.

Very truly yours,

KLASSY RADIO

Fred Frank, KOMZZ
Chief Engineer
KLSI Radio
